

Janeen Butler, CPA, CCIFP bio

Janeen is a senior tax manager at Forvis Mazars. She has almost 15 years of experience in tax, most of those in the construction field. She serves on local and national CFMA committees and is a facilitator for CFMA's peer group program. Janeen developed and teaches a course in the ASU School of Public Affairs to help non-accounting students understand tax policy and the various opinions surrounding it. She also serves on the AZ Board of Accountancy CPE Advisory Committee.

Outside of work she stays busy with her husband and three children. Every so often she finds time to go running or practice drums.
