

Joe Hooper is a Supervisory Special Agent (SSA) assigned to FBI Phoenix. SSA Hooper leads the Cyber program in Arizona, where he guides a team of Special Agents, Intelligence Analysts, Computer Scientists and Data Analysts who conduct investigations in support of the FBI's Cyber Division mission to impose risk and consequences on cyber adversaries. The FBI leads the U.S. Government's response to significant cyber incidents by investigating, collecting evidence and intelligence, identifying additional victims, and pursuing disruption opportunities. With over 15 years of investigative experience, SSA Hooper has been recognized for his operational achievements and collaboration within the FBI and the US Intelligence Community. SSA Hooper has previously been assigned overseas as a Cyber Assistant Legal Attaché, working with foreign law enforcement to coordinate investigative efforts on cyber threats, specifically building relationships focused on cyber matters with Belgium, Luxembourg, and NATO. SSA Hooper routinely contributes to National Initiatives, working groups, committees and presents at public/private engagements.
