

YOUTH ENGAGEMENT & EMPLOYMENT SUMMIT

Friday, June 6th, 2025, 9:00am-12:00pm

2000 Marcus Ave, New Hyde Park, NY 11042

June 6th is Wear Orange Day 2025, a day to honor the lives lost and irreparably altered by gun violence, and organize, advocate, and rally for safer communities. An important mechanism through which we can empower safety is through programs that create educational and economic opportunities for youth and young adults, particularly those at high risk of violence exposure.

This summit, hosted by **Northwell's Center for Gun Violence Prevention**, will bring together passionate community members, interdisciplinary professionals, and parents to learn more about Northwell and community programs, discuss barriers, and develop collaborative strategies to bridge gaps between young people and these opportunities. The event will feature a panel of youth discussing their experiences in employment programs, a Q&A with program staff, and facilitated group discussion.

Continental breakfast will be provided.
