OUR FACILITIES EXPERIENCE

With more than two decades of experience designing facilities, Blair, Church & Flynn offers clients a deep understanding of the unique challenges and requirements that buildings require. Our multidisciplinary team of engineers, architects, and planners ensures a seamless integration of design, functionality, and sustainability.

We prioritize collaboration, ensuring that the client's objectives and operational needs are at the forefront of our design process. ***Our years of experience has given us a practical perspective, we aim to never load a project with over-complicating studies, solutions, and fees.***

OUR EXPERIENCE BY THE NUMBERS:

2M+

Square feet of corporate real estate projects in the past two years

20+

Years of successfully managing corporate facility programs throughout California

\$400M

Total construction value of corporate real estate projects in the past two years

5,500

Critical facility & infrastructure projects completed in the last decade
