

Blair, Church & Flynn is a nationally recognized, multi-discipline consulting group that has been delivering safe and economical infrastructure solutions **SINCE 1958**. We've successfully delivered thousands of engineering projects involving the design of critical infrastructure throughout the Western US.

Acting as trusted advisors, we help clients solve problems, improve their communities, and responsibly plan for the future. All while adhering to uncompromised standards, emphasizing service, quality, integrity, and good common sense.

OUR LAND SURVEYING EXPERIENCE

Led by a Licensed Land Surveyor, our Land Survey team delivers comprehensive surveying services across the Western U.S., supporting regulated utilities, public agencies, school districts, and corporate clients. Our experienced field crew bring decades of expertise to every project and are equipped with advanced technologies including total stations, GPS, 3DHS scanning, UAV mapping, and ground penetrating radar. With both in-office and field staff, we can deploy multiple mobile crews who travel throughout California, Nevada, and Arizona to meet client needs wherever they arise.

OUR EXPERIENCE BY THE NUMBERS:

1,000+

Projects successfully completed in the last five years

60,000+

Hours logged in the field without injury

1M

Data points collected over just the last year

14,000+

Projects successfully completed within the past 50 years

OUR CORE SERVICES & LAND SURVEYING EXPERTISE

Blair, Church & Flynn understands its responsibility to deliver clients with the highest possible level of service—utilizing the most effective set of tools, techniques, personnel, and resources in order to deliver results that reduce overall project risk rather than contributing to it, and accelerate a project schedule rather than impeding it.
