

Overview

To help ensure your critical systems remain operational during outages, HM Cragg now offers completed Uninterruptible Power Solutions that are integrated into outdoor-rated enclosures. Our **RuggedRacks** provide seamless backup power, and are engineered for performance and durability by offering robust protection and peace of mind for deployment in the harshest conditions..

Key Features

Turnkey Solution

All-in-one, fully assembled backup power solution.

Enclosed Design

Protects internal components in harsh environments.

Online UPS Systems

Advanced double-conversion UPS — delivering clean, consistent power and maximum protection for critical systems.

Deployment Confidence

Pre-tested and certified for flawless cutover — ensuring peace of mind during critical deployment windows.

Applications

Our systems can be deployed anywhere, in almost any environment. The enclosure design protects the inner systems from most environmental hazards and is designed for simple installation and immediate use with minimal setup.

- Emerging and alternative markets
- Water/waste water
- Distributed networks, network closets and “Edge” networking
- Transportation including railroad, bridges, tunnels and tollways
- High-tech manufacturing
- Government/military
- Industrial process control
- Oil and gas
- Machine builders, OEMs
- Marine

Product Specifications – NEMA 3R/4

Configuration	Description	Overall Weight	Overall Height / Width / Depth	Run Time in minutes at Full / Half Load	System Capacity VA / Watts	Enclosure Rating
9SX3K-Based Configurations						
HMS9SX3KWL04	9SX 3000VA 120V UPS, bypass, NEMA 3R/4 wall-mount enclosure with HVAC	400 lbs	42" x 30" x 16"	28 Full / 61 Half	3000 VA / 2700 W	NEMA 3R/4 Wall Mount
9PX3K-Based Configurations						
HMS9PX3KL24U04	9PX3000RTN-L, one EBM, PDU, Environmental Monitoring Probe in a 24U NEMA 3R/4 enclosure with HVAC	550 lbs	55" x 24" x 54"	24 Full / 48 Half	3000 VA / 2700 W	NEMA 3R/4
9PX5K-Based Configurations						
HMS9PX5KP24U04	9PX5KG2, one EBM, PPDM and Environmental Monitoring Probe in a 24U NEMA 3R/4 enclosure with HVAC	825 lbs	55" x 24" x 54"	16.5 Full / 39 Half	5000 VA / 5000 W	NEMA 3R/4
9PX6K-Based Configurations						
HMS9PX6KP24U04	9PX6KG2, one EBM, bypass, and Environmental Monitoring Probe in a 24U NEMA 3R/4 enclosure with HVAC	825 lbs	55" x 24" x 54"	14.7 Full / 35 Half	6000 VA / 5400 W	NEMA 3R/4
HMS9PX6KLP24U04	9PX6KL, one EBM, PPDM, and Environmental Monitoring Probe in a 24U NEMA 3R/4 enclosure with HVAC	725 lbs	55" x 24" x 54"	26 Full / 55 Half	6000 VA / 5400 W	NEMA 3R/4
9PXM-Based Configurations						
HMS9PXM8K42U04	9PXM12S8K UPS, bypass, and Environmental Monitoring Probe in a 42U NEMA 3R/4 enclosure with HVAC	1300 lbs	87" x 24" x 60"	6 Full / 17 Half	8000 VA / 7200 W	NEMA 3R/4
HMS9PXM12K42U04	9PXM12S12K UPS, bypass, and Environmental Monitoring Probe in a 42U NEMA 3R/4 enclosure with HVAC	1,375 lbs	87" x 24" x 60"	6 Full / 14 Half	12000 VA / 10800 W	NEMA 3R/4
HMS9PXM16K42U04	9PXM12S16K UPS, bypass, and Environmental Monitoring Probe in a 42U NEMA 3R/4 enclosure with HVAC	1,475 lbs	87" x 24" x 60"	6 Full / 17 Half	16000 VA / 14400 W	NEMA 3R/4
HMS9PXM20K42U04	9PXM12S20K UPS, bypass, and Environmental Monitoring Probe in a 42U NEMA 3R/4 enclosure with HVAC	1,575 lbs	87" x 24" x 60"	6 Full / 14 Half	20000 VA / 18000 W	NEMA 3R/4
