

ORANGE COUNTY BUSINESS COUNCIL

OCBC and OC Black Chamber are proud to join with organizations that are champions for change.

We thank **Orange County Business Journal** for dedicating this page to us to further the discussion of racial equality in business.

BLACK CHAMBER OF OC

For 36 years, the Black Chamber of Orange County has been a strong positive force of dedicated men and women with the goal of helping African American and diverse business communities with access to information with the intention to improve, enhance and grow their businesses.

The time has come for the business community to listen, and listen deeply.

Then, above all, we must pay attention, ACT, and this time get it right.
