Southern California COMMUNITY HIGHLIGHTS

Special Edition Kaiser Permanente COVID-19 Information & Resources

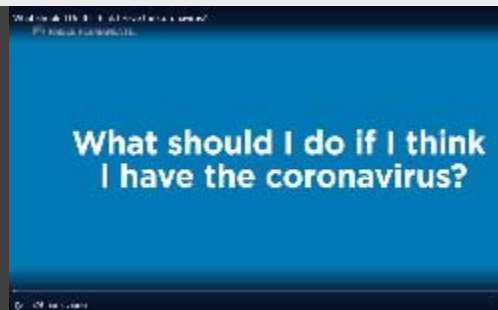

CORONAVIRUS DISEASE 2019 (COVID-19)

This special edition of Community Highlights provides information and resources related to COVID-19. Kaiser Permanente is working closely with the CDC, as well as state and local public health departments, to monitor and respond to the novel coronavirus outbreak. Kaiser Permanente is taking the necessary steps to ensure the resources, capacity, and staff are available to care for members and the community

as the virus spreads. Read below to learn what we're doing to respond to the outbreak, and how to protect yourself and others.

Kaiser Permanente has a long history of supporting community partners during disasters and emergencies. Kaiser Permanente has made a [\\$1 million contribution to both](#) the CDC Foundation to help spread best practices based on evidence and data, as well as to the National Health Care for the Homeless Council to increase capacity for preventing and treating cases of COVID-19 within the nation's homeless population.

[Click here](#) to visit Kaiser Permanente's COVID-19 page for more information and updates.

Kaiser Permanente's Nancy Gin, MD, internal medicine physician, explains what you should do if you think you have COVID-19.

[First COVID-19 Vaccine Trial at Kaiser Permanente Washington](#)

Kaiser Permanente Washington Health Research Institute gave the first-ever injection of an investigational vaccine for the 2019 novel coronavirus, SARS-CoV-2, to volunteers participating in phase one of the federally sponsored clinical trial. [Read More](#)

Kaiser Permanente's David Bronstein, MD, infectious disease pediatrician, shares advice for helping children cope during the COVID-19 outbreak.

Kaiser Permanente Member Information How to protect yourself and get care.

Your health and safety are always our top priority. To help you protect yourself and your loved ones, we've gathered the most important information and guidance on the coronavirus and COVID-19. [Click Here](#) for the latest information.

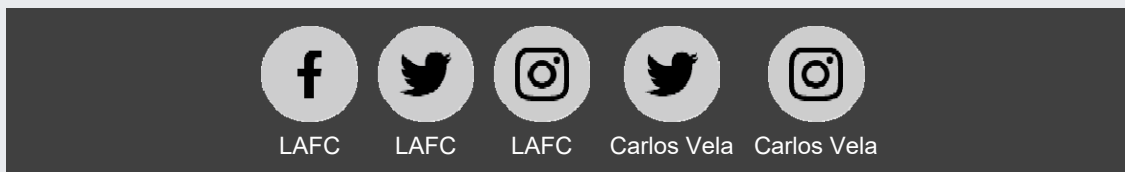

Donating COVID-19 Supplies

Kaiser Permanente is humbled by the outpouring of support we have received from our communities and business partners to help source additional supplies. [Click Here](#) for more information on how to donate.

Kaiser Permanente is proud to partner with [LAFC](#) on informational hand washing videos. These English and Spanish videos help educate the community on proper hand-washing steps to help stop the spread of COVID-19. The [English](#) version was shared by LAFC social media handles, and LAFC Team Captain Carlos Vela shared the [Spanish](#) version.

Making Masks to Support our Nonclinical Personnel and Guests

At Kaiser Permanente, the safety of our employees, patients, and the community is our top priority. We know it's important to you, too. [Find out](#) how you can help in our fight against COVID-19 by making masks for our nonclinical staff and guests.

Self-Care Tools, Tips, and Activities

Take a moment. Take a breath. Take time for self-care. [Click Here](#) to explore Kaiser Permanente's broad range of self-care resources — including apps, audio activities, articles, and more — designed to help you thrive in mind, body, and spirit.

The 2020 Census will impact health care services and other resources that our communities depend on every day, while at the same time dictating the evolution of our communities as a whole over the span of the next decade. Join Kaiser Permanente in our effort to expand participation in the [Census](#) by encouraging your community partners, friends and family to be part of a complete count.
