

New England Area Renal Transplant Center Referral Guide

A kidney transplant is a possible treatment option for people on dialysis. However, not everyone who wants a transplant can be considered eligible to receive one. Only transplant center professionals can determine if a patient is a good candidate for a transplant.

Each transplant center uses its own set of standards for deciding if a patient is a good candidate for a kidney transplant. In some cases, a patient can be turned down by one transplant center, but found to be eligible at another transplant center.

The table on the following pages is a tool to help guide dialysis patients, their family members and care partners to the transplant centers that could most likely meet their needs.

To file a grievance, please contact us:

IPRO End-Stage Renal Disease Network of New England

1952 Whitney Avenue, 2nd Floor, Hamden, CT 06517

Patient Toll-free: (866) 286-3773 (Patients only) • Phone: (203) 387-9332

Fax: (203) 389-9902 • E-mail: info@nw1.esrd.net • Web: network1.esrd.ipro.org

Better healthcare,
realized.
