FAMILY FUSE

VISION

Education is power for parents, guardians and caregivers. Together we are parenting with education and purpose.

MISSION

Family Fuse supports Black Canadian parents, guardians, and caregivers across Windsor and Essex County to navigate the education system. Family Fuse is for those who want to help their school age children to excel in all areas of education and in life in general. We work together with parents to raise equity and provide valuable insight into how their children can be encouraged by parent involvement, starting in elementary school, college, university or as entrepreneurs.

Black Canadian parents, guardians, and caregivers are key to raising young black leaders in the community.

Family Fuse was developed to offer support in the education system for Black Canadian parents, guardians and caregivers across Windsor and Essex County. We offer FREE workshops and coaching to those who are interested in the following:

- strengthening the bond between themselves and their children
- participating in their children's education
- increasing their confidence in navigating the school system
- increasing knowledge and tools to provide better support for their children
- accessing information independently
- increasing a sense of belonging in the community
- being recognized as supportive and contributing members of Windsor & Essex County
- help your children make decisions about their education
- help your children through racism and harassment
- reducing stress
- advocacy through Family Fuse
