RULES & REGULATIONS

1. The Pymatuning Century Club leases the 2.85 acre area, the club house and garage, from the State of Pennsylvania and is subject to all its rules and regulations. Officers, directors, and members of the club are held responsible, by terms of lease, for enforcement of club rules and State regulations.
2. The Caretakers quarters occupy all the second floor of the club house and are private. They are there for the protection and maintenance of the club property. Do not impose on them for personal services. The caretakers are authorized by the Board of Directors to request identification of members and guests when deemed necessary.
3. Guests are welcome. Members should use discretion on days such as weekends and holidays when the club is used by a large number of members. Facilities are limited.
4. Children or other non-members are not permitted to use the club house or premises unless accompanied by a member or spouse of a member. The Caretaker and all members are directed to enforce this rule.
5. The club facilities are not available for private parties.
6. All watercraft on our grounds or in the water of our bay are subject to Pymatuning State Park regulations and must be observed. Watercraft must have all the permits (Mooring Decals and PA registration) required by the State and must be current. State Mooring Decals must be placed on all watercraft left overnight and can only be purchased from the Club Treasurer each year. Boats with motors must be registered with the State and the PA registration numbers displayed on the boat and renewed every other year. Contact the Park Office for registrations forms. Failure to comply with these regulations could result in a fine to the boat owner and/or loss of our lease.
7. Boats should not be tied up at the docks for more than twenty (20) minutes.
8. No running or playing on the docks. Children under the age of 7 must wear a lifejacket and be accompanied by an adult when on the docks. Swimming from the docks is not permitted.
9. Swimming is confined to the roped off area. There is no lifeguard on duty. Parents must assume full responsibility for the safety of their children and be at the beach when they are in the water.
10. Excessive use of intoxicating beverages and conduct unbecoming a lady or gentleman will be referred to the Board of Directors for action. Members are also responsible for the actions of their guests.
