Vice President  
Social Chair

I always blame Rob. Tom's best friend had a Sunfish and he lived in Baltimore. Being young, impetuous and newly married, we bought an AMF Windflite and set off for a glorious weekend on the Chesapeake with Rob.

Two daughters, 42 years and one bigger boat later, we looked around and decided it was time to either find a new home for our boat, or give it up entirely. Happily, we stumbled into PCC and fell in love. We love our time here and I love planning our summer parties.
