INVITE YOUR NEIGHBOR

We have created a member recruitment program which grows YOUR Chamber, while rewarding you for your support of our community!

How it works:

The application must be completed by the recruiting member and submitted to the Chamber, along with the new member's check. At this time, the recruiting members will also let the Chamber know which reward they have selected.

A Chamber representative will then contact the newly recruited member to explain membership benefits.

In the event multiple members recruit the same business, the first member presenting payment will be honored.

To learn more about rewards please visit bucksportbaychamber.com/inviteyourneighbor
