### **STEP 6 Mystery at the Mansion**

**We're really making progress with this step. At long last, our blocks are starting to take shape!**

**In Step 6, you will add a double flying geese unit to each side of the square-in-a-square unit made 'way back in Step 2. (See Figure 5.)**

**Note: these are NOT the double flying geese units to which you added the quarter square triangles in Step 5.**

**Repeat to make 16 of these units.**

MYSTERY IN THE MANSION is considered an "easy" pattern that most everyone will be able to understand. HOWEVER, if you have any questions, please don't hesitate to call the shop, 541-432-6669. Or, send us an email, Cattlecntryqlts@eoni.com. We will be happy to help.
