

*Dear Senator Durbin,*

*As a constituent and a Reform Jew, I'm writing to ask you to **Defund Hate** by making sure that ICE and CBP don't receive any increased funding in the short-term funding bill Congress is likely to consider in November.*

*I expect you to oppose all requests for increased funding for these agencies — including all "anomalies" for CBP and ICE to expand immigrant detention and implement other cruel anti-immigrant policies.*

*Sincerely,*

Dear Senator,

*As your constituent and a Reform Jew , I urge you to support a strong Red Flag law that includes temporary emergency orders that help prevent gun violence tragedies. A Red Flag law that can reduce gun violence and stop gun suicides and mass shootings will center on allowing families and law enforcement to petition a court for guns to be temporarily removed from individuals when there's clear evidence they pose a violent threat to themselves or others.*

*Temporary emergency orders include due process while equipping families and law enforcement with a way to intervene to save lives and prevent gun tragedies. In too many tragedies — Parkland, Aurora, Tucson, and the thousands of suicides — there were clear warning signs that the shooters posed a threat to himself and others, but law enforcement did not have this tool to prevent the shooter from accessing firearms.*
