

Youth Exchange *France & America*

Summer 2026 · Host Family Program

The NSSAR France Society is seeking host families for three French students this June and July. This is a reciprocal exchange program — hosting a French student opens the door for an American youth to experience France. No teenager at home? You may sponsor a grandchild, niece, or nephew. Exchanges typically run one to three weeks.

HOW IT WORKS

Host a French student in the US in 2026, and an American youth may travel to France in 2027 — or both legs can occur the same summer. Flexible timing, flexible families.

WHAT WE NEED

Willing host families anywhere in the US. Introductory PowerPoint presentations from each student are available upon request. No prior experience necessary.
