

Oregon 2021 CISO of the Year

Call for nomination

The Society for Information Management (SIM) Portland welcome nominations for "2021 Oregon CIO of the Year Award". Nominations must be submitted by July 2nd, 2021

The Oregon CISO of the Year Awards is created to identify and celebrate the amazing work being done by Oregon executives dedicated to improving the information security of their respective companies, governments, and organizations.

To meet the criteria to be nominated for Oregon CISO of the Year Awards, a nominee must:

- Hold the job title of Chief Information Security Officer or the most senior level Information Security position within their employer's organization.
- Work at an Oregon or SW Washington based entity or local subsidiary.
- Have a minimum of three (3) years of executive Information Security experience with twelve (12) months of tenure at their current employer's organization.
- Possess primary responsibility for the technical performance of information security of their employer's organization.
- Demonstrate innovative leadership through effective use of technology in support of the strategic initiatives to secure their employer's organization.
- Represent the highest standards of leadership in Information Security.
