

# Business Awards Program

The Meszaros Charitable Fund *New Business Award* recognizes entrepreneurial endeavors that demonstrate exceptional potential for growth and community impact. This award aims to provide support to entrepreneurs who are not only creating jobs within the community, but also contributing to the local economy with unique business models.

For 2026, the top award is \$10,000. Due to IRS regulations award recipients will receive a 1099 showing the award amount as taxable income.

## Purpose of the Program

**Encourages Entrepreneurship:** As a core purpose, the Meszaros Charitable Fund promotes and supports entrepreneurial endeavors of local and regional small business owners in the name of the late Gary “Moe” Meszaros, an entrepreneur who was never afraid to take a “leap of faith.” The New Business Award recognizes the commitment made when embarking on an entrepreneurial journey.

**Builds a Supportive Professional Network:** In addition to a monetary award, Business Award recipients will receive a network of professional resources, many of which may aid in accelerating the growth of the business.

**Promotes Growth:** The Meszaros Charitable Fund supports local businesses that are actively engaged in the community, promoting growth both economically and socially. The Business Award Program supports business models that stimulate economy – in profitability, in creating jobs, and in making a positive impact in the community.

**Inspires Others:** Much like Moe’s entrepreneurial legacy, success stories inspire budding entrepreneurs and highlight the large impact that small businesses can make on economic growth.
