

EVOX

Precision Key Cutting for Every Security Need

EXPERIENCE THE **NEXT GENERATION** OF PRECISION

Introducing the **EVOX**: Precision Meets *Innovation*

Elevate your key cutting capabilities with the EVOX — The latest advancement in key cutting technology. Designed for efficiency and versatility, the EvoX is the perfect solution for professionals seeking a compact, powerful, and user-friendly machine.

QUIET OPERATION

The EvoX is designed for quiet performance, making it ideal for use in professional and customer-facing environments.

4-POSITION ROTATING JAW

Versatility is at the heart of the EvoX. With a four-position rotating jaw, you can effortlessly cut edge keys and high-security automotive keys with precision. No more hassle — just smooth, accurate cuts every time.

COMPACT FORM FACTOR

Space is valuable, and the EVOX is designed to maximize it! Its compact form factor allows for easy placement in any workshop or retail environment. Whether you're working in a shop or on the go, the EvoX fits seamlessly into your workflow.

INTEGRATED TABLET

The user-friendly interface simplifies the key cutting process, ensuring you can work efficiently and effectively.

INTEGRATED PORTABLE HANDLE

The EvoX features an integrated portable handle, making it easy to transport your machine wherever you need it. Whether you're moving between workstations or using the machine in a mobile application, the EvoX is designed for your convenience.

CHIP TRAY FOR CLEAN WORKSPACES

Keep your workspace tidy with the EvoX's innovative chip tray. This dual-purpose feature collects key shavings while also providing additional storage for your tools and accessories.

NO TIP STOP REQUIRED

Aligning keys has never been easier! The EvoX eliminates the need for a tip stop when aligning keys in the jaw, streamlining your workflow and saving you valuable time.

COPY-BY-ORIGINAL FUNCTION FOR KEY DUPLICATION

Duplicate keys with confidence! The EvoX allows you to copy keys by their original function, ensuring every duplicate is as reliable as the original.

ECONOMICAL PRICE

Quality doesn't have to come at a premium. The EvoX offers exceptional performance and advanced features at an economical price — making it the smart choice for businesses of all sizes.

SIMPLE ELECTRONIC CALIBRATION

The intuitive electronic calibration process allows for quick setup and ensures accurate cuts every time.

QUICKER KEY DECODING PROCESS

Spend less time decoding and more time cutting. The EvoX's faster decoding process boosts productivity and efficiency.

DEALER CODE MENU OPTION

For added convenience, the EvoX includes a dealer code menu option, enabling you to quickly insert manufacturer key codes for precise cuts. This feature saves time and enhances your service offerings.
