

FALL 2025 SEMINAR SERIES

September 8, 2025

2:00 - 3:00 PM

Aging, Falls Prevention, and Alzheimer's

The Chronic Disease Prevention & Health Promotion Bureau collaborates with national partners and local health departments and community organizations to bring awareness of the burden of chronic diseases in Montana. Through education and training, we focus on a healthy aging framework through our evidence-based activity and self-management programs to prevent or manage chronic health conditions.
