

Model-Netics: What Our Participants Say

- *"The program sums up **setting standards**, choosing correct paths and methods to everyday decisions"*
- *"I learned it is okay not to fill a position if no ideal candidate is found rather than to settle & compromise; I **can immediately apply** these models."*

- *"I will always utilize the Model-Netics models and hope our managers will have the opportunity to take the course themselves."*
- *"The Change session illustrated many **truths about how organizational change can affect people** and provided very helpful context in coping with and communicating change."*
- *"The models offered **great ways to avoid problems and motivate people** toward achieving organizational goals."*
- *"I **enjoyed the program immensely** and know that it will have ramifications on how I "look" at things and my employees."*
- *"We expanded to 20 domestic facilities and four outside the U.S. and Model-Netics helped us develop a **common culture** by creating a **common**."*
- *"This course was **very comprehensive!**"*
