Catherine Arthey

Since taking up bridge two and a half years ago, I have fallen in love with the game. It is so much more than just 'playing cards' and is a source of joy in terms of all the new people I have met and friends that I have made. I love the opportunity to meet new and interesting people.

At North Penn, I love the intimacy of the club. The experienced players are great for giving advice and the club has some great games for people like me - the limited games on Tues and Fri as well as the Team games. The 4IE is a super idea.

I have worked all my life as a Management Consultant. One of the first things I do when I go into clients is:

a) Look at what they have (the current situation).
b) Find out what they want to do (in the case of NP, the main objective is to get membership up and build a strong vibrant community).
c) Come up with the actions needed to achieve the objectives.
d) Most importantly - execute that plan.

I don't know the intricacies of running a Bridge Club, but what I bring is energy, a passion, and a process. I would suggest a membership survey to see how we can better serve existing members and a recruitment drive to get new members. I am happy to do the work!

Angela Masterson

I have been an enthusiastic member of the North Penn bridge community for the past two years. I am eager to contribute to the club's vibrant future by serving on the Board of Directors. During my time at the tables, I have developed a deep appreciation for the games' strategic depth, but more importantly the welcoming camaraderie of the North Penn bridge community.

As a relatively new player, I bring fresh perspective on how we can continue to attract, engage and support members at every stage of their bridge journey. I am passionate about ensuring our club remains a thriving, inclusive hub, and I would be honored to dedicate my time, energy and ideas to the North Penn bridge club.

Mary McGready

I was a member of North Penn Duplicate Bridge Club for several years prior to Covid and I have been more present after Covid. I appreciate the friendships and encouragement I have received toward myself and fellow novice bridge players.

As a Board Member I have assisted with holiday parties and brought suggestions and/or concerns of my fellow players to the attention of the Board. I would continue to encourage others like me, who don't aspire to grand master's level, but who want to continue learning and to play the best they are able. That includes forgiving one's mistakes and hopefully learning from them.

Sheldon Per

My name is Sheldon Per and I would like to be considered for the position of director on the board of the North Penn Bridge Club.

I spent 38 years as an educator, basketball coach and administrator at Bensalem High School in Bucks County.

I have some ideas I would like to implement to help North Penn continue to grow.

I love the game and have played for more than 60 years. I would love the opportunity to share my passion with others. I recently helped out at Shuffle and Deal and loved the experience. I plan to continue to volunteer.
