

## **Monday Morning Bridge – January 2023 Bridge Classes**

There will be 2 classes in January on January 16 and January 30. The 1-hour online bridge lessons will be given online by 8-time national champion and 3-time world champion, Joann Glasson. Joann is also the President of the American Contract Bridge League. If you are unable to attend in person you can join the class and receive the video to watch at your convenience.

### **How it will work:**

All participants will meet on Zoom. Joann will send you an email with a link to Zoom on the day before the lesson. You will need a computer (preferable) or iPad with internet access. You will receive by email a printable copy of the lesson, a summary of the lecture, and a quiz and answer sheet to practice at home after the class. In addition, the classes will also include eight practice deals to play on your computer or Ipad using the Shark Bridge app. Video recordings are also available to anyone who would like to review the material again or misses the live class.

### **January schedule:**

**Monday, January 16 at 10:00am:**

#### **Inferences at the Bridge Table**

Improve your game with tips on the inferences available both as declarer and defender. This will make you a better declarer and defender by familiarizing you with the inferences that are available from the opponents' plays.

**Monday, January 30 at 10:00am:**

#### **Improve your 2 over 1 Bidding**

This lesson will improve your understanding of 2 over 1 auctions. Everyone plays 2 over 1 today, but few players have a deep understanding of how to accurately describe their hand in 2 over 1 auctions and the inferences of each bid in the auction.

To participate in the classes, please send an email with your name and any questions to [joannglasson@msn.com](mailto:joannglasson@msn.com).

The lessons are \$40 for both January classes or \$20 for one class.

Don't worry if you can't make one of the lessons. If you sign up, but are unable to attend any of the lessons, Joann will send you a recorded video file of the lesson that you can view on your computer at your convenience.
