Are the opponents barging in over your 1NT opening? Do you and your partner need a way to foil them and reach your own ideal contract?

We have all heard of Lebensohl, but did you know that there is a simplified version (Simple Sohl) that can be very effective in these competitive bidding situations?

In one morning, John will teach you how!

We need a minimum of 8 students to sign up to offer the class. No more than 24 students can be accommodated. A signup sheet will be posted at the club, or you can email the instructor at dickenjb@gmail.com.
