# Results Based Coaching Membership & The Seven Building Blocks

*Where hope is not a strategy*

Dear Golf Student,

Welcome to Results Based Coaching (RBC)®. Did you know the old model of just beating balls, and driving range lessons is broken and that hope is not a strategy? As a Top 100 Instructor in the US, I find myself in a fortunate position to do the thing I love most, exclusively coach and help others play great golf! I know that this may not be a big surprise to many of you, but being independent of employers has allowed me to focus my career on helping students reach their goals of enjoying and playing their best golf. Supported by the Results Based Coaching method, I personally guarantee results by combining the use of The Seven Building Blocks, On-Course Play, Individual, Team, & Virtual coaching sessions.
*Coach David*
