FOR IMMEDIATE RELEASE

Mobile Pet Shine Announces a New Franchise System for Mobile Pet Grooming Business

Centennial, Colorado – Tage Harding and Kim Shepherd, Co-owners of Mobile Pet Shine, the Curbside Pet Spa, has created a new brand for franchising in the mobile pet grooming space in the U.S., called **bath. cut. brush.** Ms. Shepherd also owns a marketing agency called Shepherd Marketing in Franktown, Colorado.

Ms. Shepherd had been a client of Mobile Pet Shine for 3 years and her team had been focused on marketing strategy for the business for 18 months when she and Mr. Harding decided to partner and become franchisors of **bath. cut. brush.** They are proud to offer mobile pet grooming services to the Denver Metro Area as Mobile Pet Shine, Northern Colorado as **bath. cut. brush.**, and to expand throughout the U.S. in due course.

"Tage Harding and I are excited to be working together to bring the best in pet grooming to busy pet parents who want their dogs and cats to be treated like family. Our proven methods of marketing have grown Mobile Pet Shine, so it only makes sense to see other entrepreneurs succeed in a business as fun as this," said Kim Shepherd, CMO.

"After Kim Shepherd took over our marketing, we just exploded at Mobile Pet Shine. I knew that partnering with Kim to take on the rest of the country with a new brand based on our current business model was the right thing to do. We also strive to help veterans like myself, as well as other first responders, to build wealth by building their own teams and fleets," added Tage Shepherd, CEO.

At **bath. cut. brush.** pets are at the center of our world. It would be difficult to find someone here that doesn't take care of their own pets, and we treat your pets like they are our own. We are sensitive to your pet's specific personality and needs and treat them accordingly. Large, small, short or long hair, calm or high-energy, we meet them where they are – in more ways than one! As avid pet advocates, we care about their experience as well as yours. Then we give them back to you feeling, looking and smelling like new!
