

# Patterns in Nature

There are many patterns to be found in nature. These patterns are not random but are a result of how things grow and are organized.

As you explore the nature around you, see which of these patterns can you find:

STARS

☐

COILS / HELIX

☐

SPHERES

☐

BRANCHING / FRACTALS

☐

EQUIANGULAR SPIRALS

☐

CRACKING

☐

ARCHIMEDES SPIRALS

☐

Were you able to find examples of each of these patterns?

Great observations!

Keep exploring and you may discover some others!
