

# RIFLE SET-UP WORKSHOP

## 4 HOURS

**PRICE**

**\$150**

This workshop consists of assisting the student to set up and configure his/her rifle in the proper manner so he/she may achieve the correct body position and eye relief to successfully use their precision rifle to its maximum potential. This includes setting up Red Dots, Scopes, Lights, Lasers, etc, to set up your mission specific platform, to include hunting rifles. During the workshop, students will have the opportunity to become familiar with their scope, its adjustments, its mounting system, scope rings, and all the hardware and tools required to properly install and level the scope. After completing the workshop, the students will have their rifle set up in a custom fashion that best suits their needs.

### **Materials Required to Participate:**
