

CONSORTIUM *for* POLICY RESEARCH *in* EDUCATION

Research Opportunity: How Should Pennsylvania Improve its Early Child Care and Education Services?

Researchers at the University of Pennsylvania Graduate School of Education are seeking experts from across the state to weigh in. By the end of the study, we hope to identify expert consensus and present stakeholders with actionable, policy-relevant insights.

Eligibility

We're looking for professionals with at least 2 years of experience in their fields and expertise in PA education policy, early intervention, and ECE degree programs. We're also looking to recruit families of young children who are knowledgeable about any of these areas.

Time Commitment

Starting this summer, participants will be invited to complete a series of surveys, either online or over the phone. Each survey should take 25 to 30 minutes and can be completed at your convenience, from any location. There will be at least 3 surveys, and links to complete them will arrive in your email inbox approximately once per month.

Compensation

All participants will be offered a \$25 Amazon gift card after completing each survey. Participates are free to refuse this incentive.

More Information

For more information or to indicate your interest in participating in this study, please contact Elizabeth Bryson or Philip Sirinides:
