## UPCOMING GRADUATE CLASS IN EARLY CHILDHOOD EDUCATION

**FALL 2017**

### **ECED 605: Diversity in Development from Infancy through 4th Grade**

Children come to school from diverse backgrounds. Teachers need to be aware of how the many facets of diversity can influence child development and the experiences of children in the school setting, as well as how to effectively address this diversity in the classroom and create supportive relationships with families.

**All courses are 100% online.**
