

# McLaren Greater Lansing is excited to offer the **Healthcare Apprentice Program!**

The **Healthcare Apprentice Program** is designed for high school students ages 15-18\*\* who are interested in learning about various healthcare fields. The intense four-day learning opportunity gives students a chance to learn from, and interact with, our well-trained staff of doctors, nurses, therapists, management personnel, and other healthcare specialists. It involves lectures, labs, hands-on experiences, pig heart dissection, a Basic Life Support certificate and much more! The exposure to the ins and outs of modern healthcare professions may be the beginning of the journey to a rewarding career in the industry. After graduating from the program, students are eligible to apply for a volunteer position at McLaren Greater Lansing! The cost to participate in this program is \$50. One session will be offered this summer to children of the Greater Lansing community.

July 22-25, 8 am – 3 pm

For more information on The Healthcare Apprentice Program, contact Rebecca Perkins in the Clinical Education Department at 517-975-7357 or [rebecca.perkins@mclaren.org](mailto:rebecca.perkins@mclaren.org).

Sincerely,

The Healthcare Apprentice Committee

\*\* Student must be between the ages of 15-18 at the start of the program.
