

From the Shepherd's Heart

We still work on our Christmas Card list every year. We usually begin with the expectation that we will shorten the list. We grieve as we remove the names of those taken in death. But those who are still among the living fill our hearts with uplifting memories. We remember times of food and fellowship with some. Shared spiritual blessings with others. We remember their conversion, or baptism, or recovery, or gifts—on and on the memories grow; So much that when we get through the list is longer than when we began. And we want to remind all our friends of the Eternal Love that brought Christ to earth.

We are getting closer to the time for a new pastor. Each day brings us one day closer. Double your prayers for the new pastor and family, and for the family of Bacon Heights. Aren't you glad that the Lord has brought us together? You are a people with such a bright future in the Lord!
