

An update from the Children's Ministry:

The Children's Ministry team wants you to know that we have been busy ministering to children even during this crazy time. We've had to get creative and think out of the box, but that is a positive thing! A passage of scripture that we are meditating on is Romans 12:9-13. We began the Quarantine in March by sending each family a Family Crisis packet that included ways to explain what was happening to your kids and tips on how to survive the stay at home orders. It also included some great activities for kids to do at home. Starting in March and continuing through the first of May, we were on Facebook live every Wednesday night. We have also been sending weekly Bible lessons to all of our parents with activity pages to go with them. We have had several different competitions that families have participated in including the Quarantine Olympics and a Bible Scavenger Hunt. One of our favorite things we did was write each child's name on a square of sidewalk around the church along with a scripture to encourage them. Our families were encouraged to come find their name and look up their verse. When they arrived, they found that there was also a super fun chalk obstacle course for them to do. We know where you all live now because we will be making our 3rd delivery to families this week. We have dropped off Mother's Day bags, Father's Day bags, and left a front yard scavenger hunt for each kid. Know that you have all been in our thoughts and prayers. We divided our kids up between the team and have been calling and praying for our families since March. We are hoping to be able to re-open our Children's Ministry very soon! We have had meetings and discussions about what that will look like and are working hard to make that happen. Know that we miss all of you and can't wait to see you again!
