2018 marks the Chamber's 30th Anniversary  
and the Success Foundation's first!

## Dear Valued Chamber Member,

THANK YOU! Thanks to your dedication, support and passion for our community, our Chamber celebrated our 30th Anniversary this year. That's 30 years of service! 30 years of providing education opportunities for our small business owners. 30 years of connecting our community to opportunities and resources. 30 years of promoting business advancement and helping to maintain a strong economic environment. We never could have gotten here without you, our members.

With members like you, we have been able, and will continue, to foster a sustainable business community in Southwest King County as well as encourage growth and positive change. Only through your support can we continue to fund important community initiatives and lead the way for business.

Throughout our history we have been driven to provide benefits and resources that will help you to thrive as a successful local business. We work hard to provide real tangible benefits for you and your employees, and we hope you will continue to join us in making Seattle Southside the best side of the Puget Sound Region to live, work and play. We strive to provide what you need to succeed because we know that when our local businesses succeed we all succeed.

Thank you for choosing to do business in our region. You are a catalyst not only for economic development by providing needed services and jobs to our area. You are also a catalyst for change and progress. You are helping to build and grow our community in a sustainable and vibrant way that benefits all.

Our vision at the Seattle Southside Chamber of Commerce is simple – to be a voice for business and a leader in our community.

We thank you for helping us live out that vision in action every day and for being an essential part of our past as we look forward to our next 30 years.

Thank you,

Andrea H. Reay  
President/CEO  
Seattle Southside Chamber of Commerce

# CELEBRATING 30 YEARS

This year has been one of growth and celebration for our region. We have celebrated grand openings like Hotel Interurban, Salon Dayvion, and PCC. There have been anniversaries like the Highline Medical Center’s 60th, Westfield Southcenter’s 50th, and our own Success Foundation’s first. We have seen renovations, groundbreakings, and so much more.

However, 2018 stands out because of our 30th anniversary. Founded in 1988, with the belief that we are better and stronger together. This year, we are proud to say that we have proven that belief.

On November 10th, 120 friends and supporters joined us at the Seattle Airport Marriott to celebrate this momentous year. We honored and recognized the businesses and individuals who have gone above and beyond for our community and who exemplify our promise to be a voice for business, and a leader in our Community.

We looked ahead to the work that the Success Foundation is doing in our region. Our past and our future are inextricably connected. The Success Foundation and its commitment to the future will continue to lift up our community. With the help of the businesses and individuals who sponsored, donated, and attended this event, we raised over \$13,000 for the Success Foundation and its initiatives.

## Thank You

# GOING SOMEWHERE EXTRAORDINARY. DELIVERING THE UNEXPECTED.

---

*We look to enhance the region and make Seattle Southside not only a great place for visitors, but for community members.*

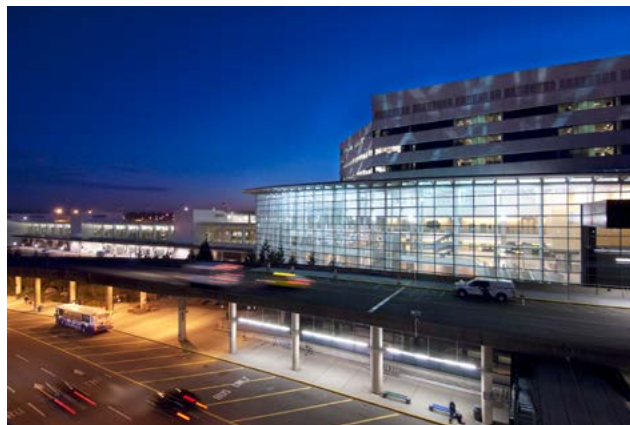

Seattle Southside Regional Tourism Authority (RTA) was formed to market and promote the region as a travel destination for domestic/international leisure and business travelers. The primary focus is to enhance the economic prosperity of the region through destination branding along with competitive programs and campaigns in leisure travel marketing and tourism development. As the official destination marketing organization for Seattle's Backyard, we believe in delivering on our promise to help visitors do more, in all facets of our work. Travelers can do more when they visit Seattle Southside because its location, transportation, affordability, and unique attractions stretch the visitors' time, money, and opportunities further.

Visitors stay at one of the 60 available hotels, shop at local businesses, eat at area restaurants and experience the unique attractions and activities Seattle Southside has to offer. Visitors are encouraged to spend more of their time and money in the region by showcasing our greatest assets: local businesses!

Whether it's a day of indoor skydiving or bowling, a delicious international meal, or a day at the beach, our partners and chamber members make the destination great. By highlighting partners in print and digital channels to audiences in the United States and abroad, the RTA spreads the message that visitors can do so much more in Seattle Southside.

Our efforts go beyond destination marketing as we play an active role in the development of the cities we represent. We look to enhance the region and make Seattle Southside not only a great place for visitors, but for community members. We consider you a partner in our destination's success and we have big plans including new and unexpected no-cost partnership opportunities. We are excited to work closely with you, to move towards an extraordinary future delivering continued strong results for years to come.

# PORT TAKES ACTION TO BROADEN PROSPERITY & EQUITY

The Port of Seattle recently shared how Sea-Tac Airport’s response to a growing region has led to greater economic activity for South King County cities and businesses, and new job opportunities for local workers.

The Port also launched new efforts to expand the airport’s benefits by increasing economic equity in the community. Following are some highlights:

## Fifth largest employer in King County

For the seventh straight year, Sea-Tac served a record number of travelers in 2017. That meant the total passenger count increased from 33.2 million in 2012 to 46.9 million last year, up 41 percent in five years.

Increased demand for air service means more airport-related jobs and local economic activity. According to a new study by Community Attributes, Inc., the airport supports \$22.5 billion in total economic activity, 19,100 jobs at the airport and a total of 151,400 jobs directly or through multiplier effects. When all 350 airport employers are combined, total on-site jobs make Sea-Tac the fifth largest employer in King County.

The Port has \$2 billion in construction projects under way at Sea-Tac, and expects to spend \$3.2 billion on airport capital development by 2022. Work began last year on the new International Arrivals Facility and North Satellite Modernization, major projects designed to meet growing demand, enhance the passenger service and provide more dining and retail options. Most recently, construction began on a new \$17 million renovation to add 10,000 square feet to the Central Terminal dining area.

## Dining & retail refresh

The Port recently unveiled plans to increase dining and retail establishments at Sea-Tac Airport from 85 to 135, an expansion that will increase customer choices, business opportunities and local jobs.

At least eight new restaurant concepts are set to open later this year. They include Starbucks Evenings, Rel’Lish burger lounge, Papa Woody’s, Stone House Café, Camdenfoodco., LeGrand Comptoir, Capitol Hill Food Hall and Ballard Brew Hall.

Local brands Skillet, Sunset Fried Chicken and Caffé D’arte are scheduled to open during 2019 and 2020, along with local retailers Elliot Bay Book Company and Filson.

Not far from the Central Terminal, the new Floret vegetarian restaurant and a new Qdoba are serving customers. And a number of eateries expanded their hours.

## Diversity & inclusion

The Port of Seattle Commission recently approved a new Diversity in Contracting Policy intended to triple the number of women and minority business enterprise (WMBE) firms doing business with the Port.

This policy is expected to increase the percentage of dollars spent on WMBE contracts by 15 percent over five years, a number that could mean as much as \$38 million. It will be phased in throughout 2018, with ways for bidders to provide inclusion plans on how they will incorporate WMBE firms in their sub-contracting efforts.

The Port also recently acted to address the growing regional demand for skilled construction workers and increase construction opportunities for women, minorities and underserved communities. In particular, the Port will provide \$3 million to help broaden access to training and jobs for people who are under-represented in the construction and trades-related industries. The focus will be on expanding pre-apprenticeship and classroom and hands-on training to include math, safety and physical conditioning; and provide support services such as childcare and transportation.

These diversity and inclusion initiatives follow the Priority Hire directive approved by the Commission late last year, and complement regional efforts to collaborate on skilled worker recruitment and retention.

## Tourism marketing

Seattle Southside Regional Tourism Authority is one of 24 local and statewide organizations recently selected as 2018 “Spotlight” advertisers at Sea-Tac Airport.

Earlier this year, the Port invited King County and Washington state tourism organizations to apply for marketing support programs.

Steeply discounted advertising space at Sea-Tac Airport is available to tourism organizations who apply through the “Spotlight” program.

Other selected organizations will promote a range of destinations located on both sides of the state, from the San Juan Islands to Vancouver and many in between, from April through September.

In addition, the Port made \$200,000 in matching dollars available to local communities and non-profit organizations statewide for tourism marketing efforts. The Port’s Tourism Marketing Support Program provides up to \$10,000 for uses including advertising, publicizing or distributing information to attract visitors to our state. This year, an additional \$50,000 was available to target cultural, eco and adventure tourism.

## Follow us

# WHAT IS SUCCESS?

Success means a lot of different things to different people. For the Chamber, and our new charitable enterprise, it means that the people that live, work and enjoy the businesses, communities and amenities in Southwest King County are supported, encouraged and invited to create and define their own success stories.

In December of 2017 the Chamber established The Success Foundation, a charitable 501(c)3 nonprofit. We are proud

to now have an added purpose to our organization: one that is more charitable and one that is focused on building a culture of philanthropy in our community at home. The Success Foundation is dedicated to the success of our region in Southwest King County. It exists to promote and improve the economic development opportunities of our region and its communities by participating in education, workforce and community engagement and development projects and research.

## Here are Success Foundation's first initiatives:

1. Regional Workforce Coalition: The Workforce Innovation Network (W.I.N. for short) was formed because we all win when our businesses can grow, and our community is rightfully employed. As Henry Ford once said, “Coming together is a beginning. Keeping together is progress. Working

together is success.”

2. Community Events and Workshops: The Success Foundation planned it’s first annual “State of our Schools” event. This and other events have helped to strengthen the bond between businesses and their respective communities. We’re also launching an Explorers Post with Scouts BSA this summer to introduce our local youth to a world of work outside their immediate frame of reference and experience. Together, with our members and partners we will inspire, mentor and coach our next generation of leaders.

3. Change for Success: Partnering with Chamber Members, the Foundation plans to encourage donations to fight the root causes of housing instability within our region and other key issues affecting our various communities’ quality of life.

Our community should be recognized as the place where businesses, residents and community partners are able to live out their best lives. This work will provide sustainable economic development and not only lift our community out of poverty, but to remain competitive and profitable in our dynamic and global economy.
