## **"BLUE SKIES AND TAILWINDS"**

**DG Sue Kerr**

I am heading into the final leg of my flight. One would think that there would be a slow down of activities by now, but the final descent has not begun yet! I still have three more clubs to visit, I have attended three district conventions in the last four weeks and will be helping at Camp McCumber on the 18<sup>th</sup> of this month. A visit to my family in Maryland happens at the end of this month and a couple of days after returning I am on my way to Van Nuys for a Council of Governors meeting; the final descent does not begin until that meeting is over. At that point I pull back the throttle and start a gentle descent to my final destination. As I prepare for that landing, I have

time to reflect on the past year. The picture out the front window is of a district that has come together during some very difficult times. It is a grand view to see how each individual Lion in District 4-C1 has made a difference in so many lives. Every kindness is an outreach that spreads. Kindness Matters, we do not know what has happened in people's lives, but an act of kindness goes a long way to make someone's day.

There are certain procedures as I enter the pattern for that land- ing. I will be about 1,000 feet above the ground giving me a closer view of my home airport. Much of my time has been spent taking in the bigger picture, but now it is time to bring

it all together so that the landing is as smooth as I can make it. As I come abeam the airport, I pull

the throttle back even more, I watch as the next plane gets ready to take off. They will go through their checklist to be sure all is in order before they leave on their trip. Next, I put in flaps to slow down even more (not good to land at 100 mph). As I turn final the runway is waiting, I am home; more flaps to help bring me down and slow down almost ready for the final touchdown. The wheels hit the pavement, as I taxi off the runway the next flight lines up, puts the power in and takes off.

We all have our special journeys as Lions and I wish you all a great one as we start a new year.

*"It is good to have an end to journey towards, but it is the journey that matters,  
In the end".*

*Ursula Le Guinn*

### **REJUVENATION!!!!**

**"We must always change, renew, rejuvenate ourselves, otherwise we harden." Johann Wolfgang Von Goethe**

**Goethe had this right! Lions is an ever-changing service opportunity. Needs change, communities change, lifestyles change, etc. We need to change with the times as well.**

**As we move toward a "new" Lions year, I encourage each of you to think of the changes that have occurred in your life, communities and the world. How do we change to accommodate the new instances that crop up?**

**This is a tough question to answer if you are not in touch with the changes in your communities. As Lions we need to see the big pictures and act accordingly. Many times, we get stuck in a rut of routine and the same projects and fundraisers because "we have always done them". Does that fit the changing environment in our communities?**

**We must as Lions progress forward with the changing times. We need to think outside of our old little box and be daring and adventurous. Look to those new members and Leos for new and fresh ideas and run with them. What is the worst that will happen, it doesn't work? We learn by our failures not our successes.**

**I encourage you all to take some of those scary adventurous steps forward to see what may come of the new experience.**

**Thank you for your support and service.**

### **Socially Unsocial Social Media Creates Silos**

*If you are like most people, you probably can't remember the last time you un-plugged from the information overload device you call a smartphone, or the last time you turned it off and enjoyed the solitude of nature. It has been said that 96% of people who own a smartphone keep it within four feet of them at all times and there are 6 billion people who own a cellphone according to the world census report of 2013. Time Magazine published an article about a U.N. study which found that more people have cell phones than toilets. Out of the world's estimated 7 billion people, 6 billion have access to mobile phones and only 4.5 billion have access to working toilets.*

*Social Media is marketed as a social activity, however when you breakdown social media in today's society it actually makes people not so sociable to the people in their immediate vicinity. Consumers and business people start to ignore the environment around them and don't communicate with the people in front of them while they are on their phone checking for Facebook updates, receiving text, checking email, etc. Social Media and cellphones have been distracting to businesses and consumers for so long, that it becomes difficult for them to physically interact with people in the same room.*

*In today's world, it is becoming increasingly difficult for young people to look someone in the eye when they are having a conversation. Society is becoming so dependent on the instant information that is constantly being pushed to us that it is hard for young kids to be creative and find something to do without the internet. The very bases of communication and the simple enjoyment of an in depth conversation is becoming a thing of the past. Look across the room, look around you in a restaurant, how many people are on their cellphone? In today's fast paced information pushing society, when 4 people sit down at a booth in a restaurant, three of them will take out their cellphone and start communicating with someone who isn't at the table.*

*The enjoyment of receiving and reading a hand written letter from a loved one is a thing of the past. Along with leaving a note on someone's door because you stopped by when they were out. What has taken the place of these simple gestures is an unexplainable obsession with being connected to everybody all the time. What has happened in the civilian world of communication has hindered and excelled the society that we live in today. This same scenario has also affected the way people create relationships in the world of sales.*

*Digital communication has helped advance society and has pushed today's business culture to respond more quickly to transactions, sales and prospecting because of it. It has also hindered our youth due to the mass amounts of communication that streams through the hand held devices. This has become a positive movement for businesses & the baby boomers, but it is also a negative movement for the younger generation. Without the advancement of the smartphone, social media would not be as popular. This is just one form of instant communication that becomes a parallel to the instant gratification that American society looks for.*

### LCIF NEWS

**PDG Maggie Robeson**

**At our recent District Convention, Sunday morning had a time to celebrate all Melvin Jones Fellows. It is always wonderful to see so many of our District Lions who have achieved this status. We were able to recognize our newest Melvin Jones Fellows – Yreka Lion PDG John Robak received his plaque and pin. You remember he won our District Melvin Jones Raffle. Sutter Lions awarded a Fellowship to Robert Fremd and to Edwin Davis. PDG Jamie Hart became a Progressive Melvin Jones Fellow with her recent donation. Live Oak Lion Jay Puls just received another Progressive Melvin Jones ( his 22<sup>nd</sup>). Enterprise Lions Liz and Dana Pakenham donated \$2,000 so that they can become Progressive Fellows.**

**I'd also like to congratulate our District clubs who have become 100% Contributing Member Clubs. For \$20 per member sent in to LCIF, your club too could join their ranks. You have until the end of June before the new Lions year begins.**

**Thank you to Chico Breakfast, Enterprise, Etna Scott Valley Lions, Fort Jones, Graeagle, Gridley, Redding Breakfast and Yreka Lions for their contributions. If you need forms or assistance, please be in touch with me.**

### **24<sup>th</sup> Annual Lions All-Star Basketball Game Results At Simpson University – March 31, 2019**

**By Jim Reimer**

Fifty-one players representing twenty-six northern California schools played in the 24<sup>th</sup> Annual Lions All-Star Basketball game Sunday afternoon at Simpson University. Many of the players were fresh off league and state playoff activity which ended in mid-March. Both the boys' and girls' teams were laced with a number of all-league players and several MVPs including U-Prep Coach of the Year, Mark Stephens, who coached his South Boys team to an 87-74 victory. The South Girls team was also victorious with an 82-64 win.

The girl's game was totally dominated by two Eastern Athletic Conference All-Stars playing together for the South. Jesse Miller from Red Bluff was named the girls MVP with a total of 30 points followed closely by MVP runner-up Jadyn Matthews with 28. Both girls ruled both ends of the floor. Their combined 58 points, including a number of three pointers, made up the bulk of the total 84 points scored by the winning South Girls team. On defense, the two girls shut down Coach Weber's North team with blocked shots, aggressive rebounding and forced turnovers. The two six footers totally closed the inside lanes and forced their smaller opponents to shoot lower percentage shots from the perimeter. The North team had only two players in double figures. Lily Hitchcock ended with 10 points and Nichole Yasumi from Modoc led with 13.

Both Boys teams enjoyed themselves in this relaxed post season atmosphere and offered the full capacity crowd a blend of exciting alley-oops, three pointers and above the rim dunks. A balanced scoring attack by the South team ended shooting a respectable 45% from the field and proved to be the deciding factor compared to the 33% put up by the North. Northern Athletic League All-Star Tyler Chan from West Valley led his winning South team with 14 points followed by Five Star League All-Star Austin Larson from Redding Christian with 12. Spencer Flynn from Mercy added 11 points.

The only two North players to end in double figures were Eastern Athletic League All-Star Joshiah Hunt from Foothill High School. He was named the game MVP and led all scoring with 17 points. Shasta Cascade League All-Star Kody Bauman from Mt. Shasta finished with 16 points in the North's loss.

The Redding Breakfast Lions Club would like to thank Simpson University for the use of their staff and excellent facilities. Our club would also like to offer a special thanks to the Anderson High School Pep Band and their leader, Mr. Michael Costa. Special appreciation goes out to the many local sponsors who support the game. Without them, our Breakfast Lions club could not provide the many community service projects we're involved in.

To find out more about our club, please visit our webpage at [reddingbreakfastli-onsclub.com](http://reddingbreakfastli-onsclub.com) or join us for our weekly Thursday 7 AM breakfast meeting held at Country Waffles, 2300 Athens Ave, Redding, CA.

## Veterans' Appreciation Barbecue Memorial Day—May 27th

Our Foothill Lions club is veteran proud and strong!! This year our annual Veteran's appreciation BBQ will take place on Memorial Day, which is May 27, starting promptly @ noon. Beale Honor Guard will present the colors. We will have our short program with speakers (I've heard great reviews), followed by the delicious BBQ. Free to our veteran's, we are keeping the price @ \$8.00. We have done well with the donation jar also. Yes, we are serving tri tip, chicken and those yummy potatoes. I will be asking for some homemade delicious deserts -- we will need 6-7 and I will have a sign-up sheet at the next meeting. I believe I have contacted most of the crew and they pretty much know their assignments. We will have a committee meeting next Monday, May 6 @ 6pm here at the Lions Club. I'd like to encourage anyone, **especially new members**, to participate—anyone that might be interested in joining this committee is most welcome. I'm sure we can give you an assignment, as there are many!! We are figuring 150-200 people. It takes a big crew to keep this event running smoothly and if you haven't attended before you're missing something special. Thanks you to all for your support. If you have any further questions, please contact me. Lion Cindi Fitzgerald 742-6387

## LOMA RICA FOOTHILL LIONS "ROCKS" AT THE D-C1 CONVENTION

### District 4-C1 Convention

April 12-14, 2019

Our USO themed booth, which took 1st place, was a popular pitstop at the Friday night food faire at the District Convention this year. Participants received ration cards at our booth which were punched when they received their jello shots and chipped beef gravy on toast (also fondly referred to as S.O.S.)

Our Loma Rica Foothill Lions club was recognized at the awards dinner Saturday night for its many activities and services provided to the community this year.

Under the leadership of President Sheri Vess, our club took 1st place in visitations and was honored with the TOP CLUB award! In addition, our club received 1st place for our scrapbook (great job Lion Joanie and team for another incredible scrapbook!) and 2nd place for the monthly bulletin. Several members also received Proud Lion awards and Short Tail awards.

### Shayla Sullivan - Citizen of the Year

Browns Valley Resident, Shayla Sullivan was honored with the Citizen of the Year award at our District Lions Club convention. Shayla is active in 4H and Little League. She embodies what being a Lion is all about. The Lions club motto is "We Serve." Shayla serves with heart and soul! During the Cascade fire, she supported community members who had been evacuated by rescuing and caring for their animals. She put the needs of her community above her own. Her support didn't end with her local community. When others in the neighboring community of Paradise suffered similar circumstances with the Camp fire, Shayla was there to lend a hand and support these individuals and their animals as well. She cared for hundreds of animals and relieved stress in a very stressful situation with her support and communication via social media. Shayla has made personal sacrifices and has been relentless in her support for her community and neighboring communities. Her kindness, her passion, and her devotion to community know no bounds. They're priceless. Shayla is priceless!
