UNIQUE CAPABILITIES

Founded in 2006, Nijsha Enterprise provides cable manufacturing services to a variety of industries, including Automotive, Aerospace, Defense, Transportation, Education, Energy, Utilities, Medical, and many more. One of the things that sets Nijsha apart from other manufacturing companies is its focus on helping their clients achieve operational efficiencies. In many cases, they have been able to help their clients save millions of dollars through the implementation of better processes and technologies.

We offer major program support an expertise. Our contract manufacturing company is a trusted provider of high-quality products for a wide range of industries. With decades of experience, we have the expertise and equipment necessary to design, prototype, and manufacture custom cables and circuit boards to your exact specifications. In addition, we routinely manufacture build-to-print electrical items, and provide turnkey solutions to completely assemble subcomponents via customer provided Technical Data Packages.

Our state-of-the-art facilities are equipped with the latest technology, enabling us to produce products efficiently and with exceptional precision. Our team of skilled engineers and technicians are dedicated to ensuring that our products meet or exceed industry standards for quality and reliability.

CONTRACTS /SUPPORTED AGENCIES

Defense Logistics Agency – Weapon Systems, Cables
NAVY – Cable Assemblies for Submarines
ARMY CECOM – Q36, Q37, Army Radar Systems
US AIR FORCE – C17 and C130 Aircraft
Mobile Aero Team – Nijsha created the Article Test Plans, Contract for Boeing C17 & C130 Aircraft
ManTech – Supporting US Air Force, US Army, and DHS
Porsche – Specialized cables and components

FEATURES and BENEFITS

- Ability to produce small production runs, we meet the demand for low volume
- Ability to reverse engineer & provide drawings for cable & wire harness. PCB assemblies
- Ability to reverse engineer sampled obsolete items
- Cost Effective Pricing and Solutions
- Flexible Terms
- First Article Approvals, we meet our critical demands before production.

INDUSTRY and SECURITY CERTS

CURRENT AND PAST PROJECTS

2025 Horse Doctor Engineered & Built Electronic Monitoring Device

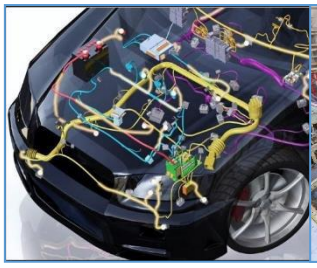

2024 Elbit Systems Electronic PCB Assembly items
2023 ManTech Cable Assemblies Military Vehicle
2022 Porsche USA Cables & wire harness for their Cars
2022 Defense Logistics Agency (DLA) Mounting Bracket for Military
2021-2022 ManTech International Cable and Wire Harnesses for Various Military
2020 NECO-Navy Cable and Wire Harnesses for Various Military
2019 Defense Logistics Agency (DLA) Cable and Wire Harnesses for Various Military
2018 Defense Logistics Agency (DLA) Weapon Systems, Cable and Wire Harnesses for Various Military Programs
2017 Defense Logistics Agency (DLA) Cable and Wire Harnesses for the military
2015 TACOM Cable Assemblies for Weapon Systems
2014 NASA Goddard Space Flight RF Components
2013 Defense Logistics Agency (DLA) Electrical Mounting Bases for the Air Force Aircrafts
2012 Edwin Bohr Electronics - Electronic Mechanical Box Assemblies & Cables for Railroad (Conductor boxes & Cables for the Trains)
2011 Computer Science Corp (CSC) Military Cables & Wire Harnesses for Weapon Satellite & Weapon Systems
2010 Northrop Grumman PCB Assembles for Robots
2007 Lockheed Martin Curtis Wright /Target Rock -Electronic Components -Wire Harnesses for Navy Nuclear Power Systems & Reactors
2006 ManTech International Military Cables for the Fire Finder, Trojan & Prophet Pro-grams

Aviation & Aerospace **Robotics** **Cyber Security** **Electronic Countermeasures** **Avionics**

Automotive Manufacturing / Commercial Enterprises **Military and Government** **Transportation**
