

WANNA RACE?

Spinal Cord Injury Alberta
Lésions Médullaires Alberta

If you are interested in taking part in a group peer event at The Race Room in Calgary, Spinal Cord Injury Alberta would love to hear from you.

The Race Room in Calgary has 4 professional grade, full motion racing simulators that immerse you in a life-like racing world.

In order to participate you need:

- complete hand control
- not be susceptible to motion sickness
- to be able to transfer independently to the race simulator

Once we know if there is enough interest in finding out more about virtual racing, we will organize a group meeting to talk about a potential peer event and finalize details such as dates, times, cost, etc.

If interested, RSVP by October 11 to marilyn.erho@sci-ab.ca or 403-228-7434
