A Look at Our Services

CONCUSSION CLINIC

Child*Serve*'s Concussion Clinic evaluates and treats children and young adults who have experienced a concussion or concussion-like symptoms. Our pediatric specialists provide individualized therapy and recommendations to help children successfully return to school and play after a concussion.

OUTPATIENT THERAPY *(OT, PT, SPEECH)*

Child*Serve*'s Outpatient Therapy services offer a continuum of care for children with rehabilitation and developmental therapy needs. Services include physical, occupational, and speech-language therapies.

MENTAL HEALTH THERAPY

Child*Serve*'s Mental Health Therapy program offers expert support to children and families who display signs of a mental health disorder. Our mental health specialists provide comprehensive assessments and mental health diagnoses, individual and family therapy for children and their caregivers, family education, and diverse group therapy opportunities that are focused on children and families and are trauma-sensitive.

PSYCHOLOGY

The Pediatric Psychology program at Child*Serve* offers a kid-focused, family-friendly place for children and young adults to receive psychological testing, diagnoses, and professional support. Our psychology staff provide parents with feedback regarding their child's diagnosis or level of functioning. Each child receives an individualized evaluation designed to cover many areas of concern.

PSYCHIATRY

Child*Serve*'s Pediatric Psychiatry team provides compassionate and comprehensive mental health care in a pediatric clinical setting. We offer assessments, diagnosis and treatments to help children and young adults with special healthcare needs live a *great* life.
