

# PIKETalks

## Virtual Visit to the Addison Gallery

Take a virtual museum visit and learn more about two of the Addison Gallery's winter exhibitions focused on healing: *Aphrodite Désirée Navab: Landmines of Memory* and *Yoko Ono: Mend Piece*. In this interactive workshop, participants will be invited to create a simple art piece using materials gathered at home: white paper, scissors, tape, and/or string. All ages are welcome.

### Christine Jee

Christine is the manager of School and Community Collaborations at the Addison Gallery of American Art at Phillips Academy in Andover. In this role, she works closely with educators, students, and families in designing museum visits and programs that invite visitors to engage deeply with the Addison Gallery's rotating exhibitions.
