The Breakthrough Brief

KROHN BREAKTHROUGH
FOUNDATION

Change lives through BREAKTHROUGH — Save lives through EXTRACTION

Welcome to the Breakthrough Brief — an exclusive newsletter for the
incredible people making this work possible.

WELCOME MESSAGE

We connected with dozens of foundation supporters this summer, and were honored to receive new donors who are as excited as we are to change lives. Our next mission will be in Ukraine, and we're wheels up in 24 days, bringing vital aid to the vulnerable people on the front lines, and we'll bring you updates on our social media as often as we can during our humanitarian mission, "Operation Save Lives" next month, October 3-8.

Funds raised this summer will go directly to evacuating women, children, elderly, and the most vulnerable people from the Ukrainian front lines, along with advancing our vision of taking breakthrough to the world. Our team, including Kris, myself and others, will also deliver additional life-saving medical supplies, food and cold weather gear to others on the front lines.

Thank you for your continued support and investment in this important work, and the breakthrough work we do here at home. We are grateful for your continued support in doing this vital, life-saving work.

Onward!

Luis Vega
Executive Director

Breakthrough

What is a "breakthrough"?

Breakthrough is a proven process of confronting limiting beliefs created during past experiences, and replacing them with chosen positive, present and powerful new beliefs that enable you to live a limitless life and realize your full potential.

A breakthrough is the moment you CHOOSE your new belief — and then implement the life-changing power of conscious creation.

3,658

Breakthroughs since the Krohn
Breakthrough Foundation
launched in 2020.

1,628

Breakthroughs since the
beginning of 2022.

"Having a breakthrough coach has been amazing for me! When I have an issue come up that is throwing me off my game, I just remind myself that I am meeting with my breakthrough coach in a couple days so I can just relax because I know she is going to help me break through it!"

-Kelly W.

Krohn Breakthrough Foundation is an official 501(c)(3) nonprofit designed to pay certified Breakthrough Coaches to provide breakthroughs to people in need. We also help to feed the hungry, clothe the naked, and shelter the homeless.
