## ELLEN E. FLEMING MEMORIAL FUND DONOR LIST

**Thank you to the donors who collectively contributed nearly \$230,000 in memory of Miss Fleming.**

Contributions to the Ellen E. Fleming Middle School Memorial Fund have been used to make important improvements to the Middle School academic buildings, which has significantly enhanced the overall learning and daily life experience for all Middle School students and faculty. Much of Miss Fleming's educational career was spent as a Middle School administrator. The majority of her career at The Westminster Schools in Atlanta involved working with middle-grade-level students before being appointed to serve as the school's Acting President. Miss Fleming spoke often about Middle School being the heart of our campus because it connects the school's youngest and oldest learners.

It is indeed fitting to have such an important building on our campus named in her memory as a reminder of her steadfast commitment to the students and teachers she so dearly loved.
