

Flat Palmer's

Adventures to Illinois

In the morning we woke up, ate cereal, and drove to school with my little brother Jack (he is Russel's age).

You Also helped me choose a mask.

At school we...

Took care of our
Guinea Pig
named Remi,

heated up our lunch in the micro wave,

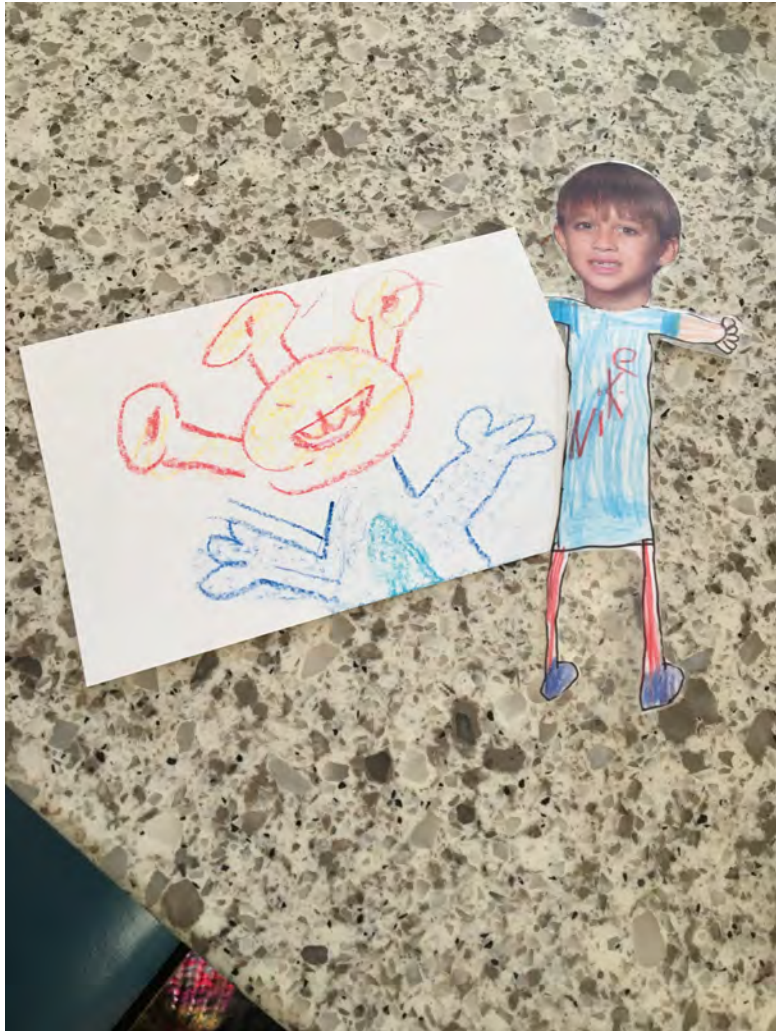

And took a picture
with my class!

Here is when we visited my lake.

There is a lot of snow up here and it's really cold.

Here we drew a monster, and his
name is Bob.

I had so much fun with you!

Visit again soon!
