

Just for a little background on Flat Kate and Flat Lucy's time in Rome...

They rode with us everywhere we went while they were here on their visit. (On the dashboard of the car and in the back seat with Britton).

They had movie night with the Echols family, slept with Ellie and Georgie (our dogs), went to a soccer game, a basketball game, ran the score clock at practice, went for pizza, stayed warm with hot chocolate, enjoyed a music session as well as a piano lesson ... and had a fabulous time in the local ice cream shop/candy store!

Flat Kate and Flat Lucy also had a great day on our family farm. Kate fed the cows and Lucy met Jack the donkey. They drove the tractor and climbed hay baies with Molly. They also looked for 4-leaf clovers and met all the new baby chicks.

We really enjoyed our time with Flat Kate and Flat Lucy but mostly we enjoyed having an excuse to think about our friendship and share our lives with them.

Thank you for the experience!

Sincerely,
The Echols Family
