

## **Reese Brown Veterans Day Assembly Invocation**

Let us pray.

Dear Heavenly Father, we are gathered here today to honor those who have honored you through their service and dedication to our great nation. We thank you for these selfless men and women who heeded the call of duty and took up arms in defense of our lives and freedoms. Let us never forget them and to always keep these men and women in our thoughts and prayers. Lord please protect those who are still waging the war against terrorism and give them the strength to complete their mission. Be with those who are leaving here today, and thank you for never forgetting about your humble servants.

We ask all these things in your name. Amen.
