

JORDAN LEE  
EIGHTH GRADE CLOSING CEREMONY END-OF-YEAR MESSAGE

Welcome parents, teachers, and class of 2025.

I am so honored to be able to come up here and share some of my favorite FA memories.

My first favorite memory is when I met my best friend Audrey in 4th grade. I was anxious and scared of joining a new class. I had common fears most kids have when transferring, people not liking me or the classes being too hard, but I was mostly scared that I would not make any friends. However, all of that went away when I walked into Mrs. Squire's classroom. In less than a minute, Audrey had already introduced herself to me and was telling me about how I was going to love FA. We hung out together all day and at lunch time we laughed over Napoleon Dynamite quotes and the fact that I had somehow managed to overcook my microwave mac-n-cheese.

My second favorite memory would have to be attending Senorita Hill's 6th grade directed study. Even though directed study was not an academic class, I learned a lot. Some of the things I learned were that Senorita was awesome and my favorite teacher, If I put my mind to it and used my time wisely I could get my all homework done, and that you shouldn't goof around and put friends textbooks in the recycling bin because you may or may not get lunch detention. Getting those 50 minutes to get my work done and talk to senorita were some of my favorite parts of the day.

My third favorite FA memory was getting to be a part of the Student Council this year. It has been such an amazing experience, and I am so thankful to have been able to work with this year's group and put on functions for the Middle School. I loved seeing Mrs. Smith's sick moves at the dance and getting to see another year of Will and Emily's awesome spirit week outfits.

I truthfully cannot thank y'all enough for giving me this opportunity. It was such a gift for me to get to lead the Student Council and make this 8th grade year more memorable.
