

Pearl Prep

Music Video

Instructions

Pearl Music Invitation!

We are starting off this year with a fun activity for our 2nd-5th graders. We have taken one of our Christmas songs, changed the lyrics, and given it a “Distance Learning” twist!

All Pearl 2nd-5th graders are invited to participate. To find the video with the music, lyrics,

and choreography go to the Pearl Prep Music Website. You can find it on Gradelink on the “Encore” page under School News. Look for the link that says, “Mrs. Joe’s Music Page”. Go to your class page on her website and click on the “Assignments” link. It says: “Click Here”

Video Recording Instructions:

Use headphones to listen to the music and video yourself singing and doing the “headography” on the video. (We should only hear your voice in the video, no background music.) Make sure to place yourself in the screen shot similar to Mrs. Joe, nice and close, but not too close to leave room

for editing later. Try to follow her moves exactly while you sing. You only have to sing the chorus parts, but you are encouraged to tackle the solos as well if you want. You can even make up your own moves for the solo section. Share the video on Google Drive with Mrs. Moore at LMoore@pearlprep.org or use another method that can email or share a large file. You can also send it on a flash drive in your envelope.

Videos Must be Submitted by Friday, October 9th
