

# MI Safe Start Plan

Will you help us keep seniors safe?

## Join the MASK BRIGADE!

The Governor's most recent Executive Order requires all residents to wear face masks when outside of their home to help continue the fight against COVID-19. This is especially important for seniors and those with chronic health conditions as they begin to go out in public after May 28. *It is still the best recommendation for those that are at risk to stay home except to obtain essential medical care.* For those that must go out, we are working to ensure all seniors have access to a fabric mask.

**Want to help?** We are seeking volunteers to make masks that will be donated to seniors in Calhoun County. We have patterns for those that have supplies available, as well as kits that have all of the materials and instructions to make 25 masks.
