

Calhoun County Solid Waste Program

Illegal Dumping Grant Program

2023 Grant Application Packet

Grant Information

This grant program allows Calhoun County to partner with local units of government and community groups to identify, cleanup, and prevent illegal dumping throughout Calhoun County. Successful grant applications will have both a cleanup and prevention plan. The applicant group must agree to provide the labor for the cleanup while Calhoun County will provide the roll-off dumpster along with its hauling and disposal fees. The prevention plan must include measures to reduce the potential for further dumping after the cleanup and will be the responsibility of the applicant group. Calhoun County encourages local governments and community groups to collaborate with their local law enforcement agencies.

Evaluation Criteria

This is a competitive grant application, and applications will be scored based on their workplan, level of collaboration, and security measures that will be put in place to prevent further dumping at the cleanup location.

Areas that are eligible for cleanup grant: Roadsides not covered by the Adopt-A-Highway Program

Grant Funds

These grants are funded through the C&C Landfill Host Agreement. Calhoun County will directly pay the solid waste hauler for all roll-off dumpsters provided through this grant program. Selection of the solid waste hauler will follow the Calhoun County Purchasing Policy procedures. Selected applicants will be responsible for all additional costs associated with the cleanup project.

Applicant Information

Name of Group/Organization: _____

Address: _____

Contact Person: _____

Phone: _____

Email: _____

Project Information

Applicant must include 8 1/2" x 11" map of the proposed cleanup project
