

**Colleen Rice, B.A., Director of the  
Domestic Violence Shelter,  
Mansfield, OH**

Join us for an enlightening presentation the critical role chaplains and spiritual care givers play on combating domestic violence, guided by the comprehensive Ohio Domestic Violence Healthcare Protocol.

This session will delve into identifying victims, approaches that address cultural competency and trauma-informed care in providing holistic support. Additionally, we will learn about the legal responsibilities that empower healthcare providers to take decisive action. These practices contribute significantly to fostering safer and healthier communities for everyone.

**Sonia Ferencik, LISW-S, RA, 200-  
CYT, Youth Advocacy & Trauma-  
Informed Services Coordinator.**

Discover the transformative insights of understanding secondary trauma.

This session will illuminate the profound impact secondary trauma can have on staff, highlighting the importance of awareness and proactive management. Attendees will gain valuable strategies to mitigate its effects, including essential self-care practices and resilience-building techniques. By fostering a supportive work environment, participants will enhance their personal well-being and professional effectiveness. Don't miss this opportunity to equip yourself with skills that are crucial for thriving in the demanding healthcare landscape. Join us to empower your journey towards a healthier, more resilient you.
