

# A volunteer Opportunity for You!

Hello friends,

Camp is open! Well in the process of opening and we could really use your help. We have projects of all skill levels and are willing to work around your schedule, so if you see a project you like or know someone who might be able to lend us a hand, we would love to hear from you and set up a time for you to come to camp. We will provide any materials you may need, we just need your skills and time.

Below we included a list of projects we could really use some help with!

## **Deep Spring Cleaning**

We did not open to our fullest extent during the 2020 season, and with our buildings being primarily shut down, they could really use a thorough deep spring cleaning!

## **Move and Stack Wood**

We are currently in the process of moving our wood pile to a new location that is safe and accessible to all our guests. We would love to have some extra hands to move the piles of wood to our new location and stack them nicely.

## **Pressure Washing**

We have a few areas around the site that could really benefit from a good washing. The pool deck, the ramp up to the pool, the outdoor stairs around camp and even some buildings.

## **Cleaning out the Gutters**

We are surrounded by trees, and with that comes a lot of debris that lands in our gutters. We would love some help around the site to ensure these are cleaned out.

## **Gardening**

Come out one time or come out a hundred, the choice is up to you. Our gardens are always in need of some tender love and care all summer long!

## **Plumbing fixes in Parker Ridge Cabins**

After opening up our Parker Ridge Cabins this season, we discovered the need to replace some toilet seats, fluid masters and shower heads, let us know if you can help.

## **Gate Installation**

Currently our front entrance “gate” is a chain, so we are in need of an upgrade. We would appreciate some help installing our new gate onto the posts that are already in the ground.

**Give us a Call to Volunteer at 800-282-0740 ext 104 or (419) 741-4695 (call/text/fax)  
Or email us at [Miranda@heartlanducc.org](mailto:Miranda@heartlanducc.org)**

### **Repair Picnic Tables**

Some of our picnic tables have seen better days, but that doesn't mean that a little TLC can't make them like new again! A few screws here and there should do the trick!

### **Staining the decks**

We have just a few decks/ramps/stairs around camp that would benefit from a fresh coat of stain.

### **Fixing our Archery Line**

During this past winter we had a number of trees come down near our archery area/craft barn. Unfortunately, when one of these trees fell it took down the post and line we use to hang our archery backdrop. We need this post/line up to ensure safety while our campers get to try their hand at archery. We will need to install a new post and hang the line in order to get this area or a new archery area ready for our summer campers to use.

### **Installing a TEMPORARY Snow Fence**

Camp will look a little different these days at our front entrance. The great news is, the electric company is giving our area a much needed electrical update, the bad news is they needed to remove all our pine trees along the front of the property leaving our football field exposed to the road. We have a temporary solution until we can excavate the area to provide a natural and beautiful barrier, and that is a green temporary snow fence that needs to be installed.

Templed Hills Camp is loved by so many of you, and we love when people like you can help us make it even better. Your time and love for this camp means so much to us. It is our hope that we see a few familiar faces to help us complete some of these projects and we would love to see some new faces as well. Come and experience camp, young or mature, for the first time or the fiftieth your help is needed and appreciated. We know you are busy and your time is valuable so we would love to work around your schedule, so please don't hesitate to call us and ask how you can help!

Thank you for your love and support,

Your Templed Hills Staff

P.S. Please share this information with as many people as you can, the more help we have the better our camp will be!
